Scott – the last one was part 2 of 4 instead of 2 of 3; here is part 3 of 4.

Scott,

Scott,

Thanks for letting me know about this, looks like I sent the wrong version. Here are the 3/14 appendices – this is the first of 4 parts so it will fit in the email.

Regards,

Gary Miller

Subject: RE: San Jacinto Feasibility Study

Hi Gary-

I was looking back over the draft final interim FS to see the PRP's model assumptions for releases of dioxin from resuspension when performing Alternatives 4, 5, and 6.

I think I only received the first part of the appendices when you sent this email to me back in April 2014. It was named "San Jacinto Draft Feasibility Study Report Appendices - A". I note the date on the pages is August 2013, which the draft final interim FS is dated March 2014. Is there a later version of the appendices that I do not have? Is there more than this one part of the appendices?

Thanks-
Scott
